Frontend Developer

PROFESSIONAL SUMMARY

Frontend Developer with hands-on experience in building responsive, scalable, and user-centric web applications using React.js, Next.js, JavaScript, TypeScript, HTML5, CSS3, and Tailwind CSS. Currently working as a Frontend Developer at Oscorm Inc. after successfully completing a Frontend Development Internship. Experienced in developing fintech platforms, CRM dashboards, and integrating REST APIs while collaborating in Agile development environments. Passionate about creating clean, high-performance web applications and continuously learning modern frontend technologies.

EXPERIENCE

Front-End Developer

Oscorm Inc. | Noida, Uttar Pradesh

Nov 2026 – Present

- Promoted from 6 months of Frontend Developer Intern to Full-Time Frontend Developer based on strong technical performance and project contributions.
- Develop responsive and scalable web applications using React.js, Next.js, JavaScript, TypeScript, and Tailwind CSS.
- Build reusable UI components to improve application consistency and development efficiency.
- Collaborate with backend developers to integrate REST APIs and deliver seamless user experiences.
- Optimize application performance, responsiveness, accessibility, and cross-browser compatibility.
- Participate in code reviews, debugging, testing, and deployment while following Agile development practices.
- Technologies: React.js, Next.js, JavaScript, TypeScript, Tailwind CSS, REST APIs, Git

KEY SKILLS

Languages: HTML, CSS, JavaScript, TypeScript, Python, C++

Frontend: React.js, Next.js, Tailwind CSS, Responsive Web Design, REST API Integration

Backend & Database: Node.js, Express.js, MySQL,

Tools & Practices: Git, GitHub, Postman, JWT Authentication, Performance Optimization

PROJECTS

BorrowFind –FintechComparisonPlatform(PolicyBazaar–style) | [borrowfind.com](#)

- Developed the front end of BorrowFind using Next.js, Tailwind CSS, and MySQL; implemented secure JWT-based authentication and role-based access control for users and admins.
- Designed responsive dashboards and task-management interfaces using Tailwind CSS.
- Integrated APIs for task creation, updates, comments, and project collaboration features.
- Optimized application performance and improved frontend responsiveness for a better user experience.

Travel & Booking Management System | [GitHub](#)

- Built a scalable front-end of travel management platform using the HTML and CSS, developing secure backend APIs with authentication, database management, and booking functionality.
- Designed modern, responsive front-end dashboards and booking interfaces using HTML and CSS, integrating CRUD operations, user management, and real-time booking status features.
- Improved application security and API performance through optimized backend architecture.

CRM Dashboard & Admin Management System – Oscorm Digital | [crm.oscorm.com](#)

- Designed and developed a responsive CRM dashboard for managing customers, leads, and business operations during a Front-End Development internship.
- Implemented admin authentication, dashboard analytics, data management modules, and user-friendly UI components for efficient workflow handling.
- Worked on front-end and API integration, database operations, and secure role-based access features to improve system usability and performance.
- Built using Next.js, Tailwind CSS, and JavaScript.

EDUCATION

B.Tech in Computer Science

Shree Siddhi Vinayak Group Institution of Technology, Bareilly (U.P.) | 2022 – 2026 | CGPA: 7.4/10

CERTIFICATIONS & ACHIEVEMENTS

- Certification in Front-End Development Internship
- Certification in Excel, Power BI, Python, and SQL
- Certification in Networking and Android Development
- Certification in Summer Internship / Industrial Internship
